Abstract (16pt, Bold)

Firms with collaborative inter-firm relations can create value for partners by enabling them to pool resources and capabilities. In a supply chain, organizations can use network ties to share knowledge across organizational boundaries and these collaborative ties between firms can positively affect innovation output. Based on the social network perspective, the social capital of a firm can increase learning information exchange..... (12pt, Times New Roman, no longer than 300words)

Keywords: XXXX, XXXX, XXXX (Bold #12, Times New Roman, 3-5 Key words)
